This is a dark comedic skit for two people. One male and one female.

EXT. BENCH – DAY

SAUL
What am I supposed to do, Jenni?

JENNI
Just leave her already. Obviously she keeps making your life a living hell. Walk.

SAUL
It's not that simple, she's my wife.

JENNI
So what? That's what divorce is for.

SAUL
We have kids.

JENNI
I'm sure your children will grow up and understand.

SAUL
She's pregnant.

JENNI
That's perfectly fine.

SAUL
She's about to give birth within the month.

JENNI
Dude, lighten up.

SAUL
Her mother is dying...any day now.

JENNI
Bro, leave now and get there early.

SAUL
We just bought a house.

JENNI
Put that shit back on the market.
SAUL
So you really think I should leave her then?

JENNI
I can't be anymore emphatic.

Pause.

SAUL
How are things with you?

JENNI
I just killed my husband.

SAUL
Really?

JENNI
Two days ago. Drowned him in the pool. Well, first I hit him in the head with a brick when his back was turned to me, while he was standing on the deck. After I smashed him, he fell into the pool and drowned on his own.

SAUL
Then what happened?

JENNI
Called the police. They said he must have hit his head on the edge of the pool before falling in. I went right along...

SAUL
Well yeah, of course.

JENNI
I'm not going to admit to that shit.

SAUL
Right. (beat) Can I ask you something though?

JENNI
Shoot.

SAUL
Why did you do it?

JENNI
Boredom.
SAUL
Couldn't you just leave him?

JENNI
Death was the only option.

SAUL
Right.

Pause.

SAUL (CONT'D)
Beautiful day out.

JENNI
It really is.

SAUL
I love when there's a cool breeze on a warm day.

JENNI
Soothing.

Beat.

JENNI (CONT'D)
Well, it was good seeing you.

Jenni stands.

SAUL
Right.

JENNI
I better be off now.

SAUL
Okey, dokey. (Saul stands)

JENNI
Let me know when you leave your wife. I'm single now so, you know, we may be a viable option.

SAUL
As long as there's no brick hitting and pool drowning. Hahaha.

JENNI
Hahaha, right, right, I know right?

SAUL
Yeah.
They hug.

JENNI

Call me.

SAUL

You bet.
